SUN BEAMS

By WALTER M. BARRETT

When death Sunday night eased the hopeless, prolonged suffering of Tim O'Hanrahan it brougt to an untimely end the career of one of Truckee's most ardent supporters. Few men have fought as hard for Truckee and the rights of which it is often deprived as O'Hanrahan. He had great hopes for Truckee and devoted much of his life to their fulfillment. We regret that he was not permitted to complete his task.

Show your interest in the welfare of your community by voting at the school election June 4.

Now we know why we have been wearing that string around our finger. We wanted to mention the amusing minstrel show and real rhythm band in which the children of the grammar school took part on the Public Schools Week program held recently. The performance of the youngsters spoke well of the careful training given by the teachers and the natural talent of the small boys and girls.

Again Truckee has felt the sting of a swindler. It happens too often and for the sake of fair play we rise in protest. We can't be too careful it seems in dealing with our fellow men. More than a month ago the Parent Teachers billed what was represented as a legitimate and noteworthy entertainment to be presented here last week. The local organization spent hard-earned funds to promote the show and attracted a large audience to the hall. Then minutes turned into hours and the "Performers" failed to appear. The customers were refunded their money and the affair called off. Since that time no word of explanation has been receive from the "show." Why not refer these smooth talking advance men and salesmen to your chamber of commerce before they are given orders.

Parent-Teachers Lose When Show Fail to Show Up Here

Members of the Truckee Parent Teachers Association are out something over $20, to say nothing of a lot of hard work being wasted, as the result of promoting a show for last Thursday evening, which failed to keep the engagement, disappointing a large audience which had been gathered for the "show and dance".

The show was booked by Mrs. S. E. Gordon, president of the local P. T. A. during last month. The outfit, booked as "Lee's Famous Californians", was said by the glib "advance man" to be of radio fame, but willing to stop over in Truckee en route to Reno.

Bills were posted, tickets sold and all went well until the time came for the show, and then no show showed. Customers were refunded their money and the P. T. A. was out.

Mrs. Gordon said that she made inquiries later in Virginia City and found that the same thing occured there with the American Legion on the receiving end.

Other reports filtered in nad it was finally conceeded that the local or ganization had been bilked.

Traffic Through Truckee Gains First Of Year

Report Reveals More Cars Passing Checking Station

Tourist travel through Truckee the first four months of 1937 was far greater than for the same period in 1936, Carl E. Smith, clerk-in-charge, announced this week.

From January 1 to May 1, the the local port of entry issued permits to 3070 out-of-state passenger vehicles as compared with 2752 in the first four months of 1936, Smith said. This is an increase of 318 automobiles.

The month of April showed a surprising gain for the Truckee checking station in both permits and registrations. Last month the clerks checked through 1885 out-of-state vehicles as compared with 1594 for April, 1936, or an increase of 291 machines.

"In registrations," Smith said, "our April gain was tremendous, the Truckee station, through registering 235 non-resident vehicles in the month, being topped only by the Blythe station, which handles six times the volume, and then by 27 registrations only.

"The April increase in registrations of non-resident vehicles over the same period in 1936 was also of note, our station taking in 152 more month of 1936 when 83 vehicles were licensed by our station."

In the number of applications for non-resident registrations, the local station ranks third in the state being topped only by Blythe and Yuma

"The material increases in 1937 in the amount of travel and vehicles at the Truckee station are gratifying to me for a number of reasons," Smith declared, "Chiefly that more California visitors are entering the state through the Reno-Sacramento route for the purpose of viewing Lake Tahoe, Donner Lake, Truckee, the capital city and the great San Francisco. bridges, and that the Truckee merchants are adding to their profits as the motorists stop here for supplies, rooms or meals."

Wadsworth Loses Here to High School Boys, 7 to 6

Truckee baseball fans were treated to an exciting game on Sunday at the local iamond between thunder showers when the local high school team defeated the Wadsworth nine in a return game, by a score of 7 to 6. The first game was won by Wadsworth 15 to 8.

Robert Bowers, Truckee first baseman, brought in the ounly home run of the game.

Much of the victory was due to the excellent pitching of Frank Giovannoni. The play that cinched the game was a double play in the 9th, Giovannoni to Besio to Bowers.. The double out nipped in the bud Wadsworth's ninth inning rally.

The local boys will play the CCC Rubicon Point team on Sunday.

BEN CALLENDER WEDS AT BERKELEY; TO RESIDE AT TAHOE

Of interest to readers in the Tahoe and Truckee regions is the following news item from a Berkeley newspaper:

Close relatives gathered at the home of Mr. and Mrs. P. W. Bussman in College avenue late yesterday afternoon to witness the marriage of the youngest daughter of the couple, Mrs. Jean Heyer, who became the bride of Benjamin F. Callender of Lake Tahoe.

At 6:30 o'clock, the Rev. E. E. Ingram read the marriage rites as the couple stood before an elaborate arrangement of mixed flowers on the fireplace mantel. Tall floral arrangements stood at the sides of the fireplace, and the bride approached the altar along an aisle marked with baskets of mixed flowers.

Deep peach marquisette, a Paris creation modeled by Molyneaux, was worn by the bride. Her flowers were gardenias.

Mrs. Harriett Hemenover, sister of the bride, was the matron of honor. Mrs. Hemenover also sang the wedding song: "I Love You Truly," accompanied by Mrs. William Bussman who played the wedding march.

L. J. Gerard was the best man, and the bride's father gave her in marriage.

A wedding supper was served for the thirty-five guests who witnessed the exchange of vows, at the Occidental hotel, after which the couple left for a honeymoon trip in the southeru part of the state. Upon their return they will live at their Lake Tahoe resort home.

The bride, who spent her early girlhood in Sonoma county, is the sister of Mrs. Hemenover and Ellsworth and William Bussman, and the mother of eight year old William Heyer, Jr.

Mr. Callender is the son of the late Melville Callender and Mrs. Ellen Callender, old-time residents of Berkeley.

TIM O'HANRAHAN EXPIRES AFTER VALIANT FIGHT

Veteran Politician, Local Business Man Is Buried Today

RITES HELD IN RENO

Hotel Man Was Active Here In Civic Activities, Promotion

Funeral services were held this morning at 11 o'clock in Reno for Timothy O'Hanrahan, 54, prominent Truckee businessman and democratic political leader, who died Sunday night at 10:30 o'clock in St. Mary's hospital in Reno where he had been a patient for six weeks. Following the rites today, the body was taken to San Francisco for interment in the family plot in Holy Cross cemetary, beside the graves of his mother and father.

Ill for several months, O'Hanrahan entered the hospital six weeks ago but despite all the application of modern medical science, his health continued to fail. He was rational to the end and conversed with relatives only a short time before his death.

Born in Kilkenny, Ireland, October 23, 1882, O'Hanrahan came to the United States with his parents in 1891, the family coming to San Francisco to reside.

While still in his teens, O'Hanrahan accepted employment with the Southern Pacific Company and was head steward on the bay ferries.

It was while there that he married his surviving wife, Mrs. Lillian Ella O'Hanrahan.

Shortly after being tranferred to Truckee to manage the S. P. hotel here, O'Hanrahan resigned to enter business for himself, building the old Sierra Tavern, which was destroyed by fire some years ago. He then erected the present structure operated under the same name, one of the most modern hostelries in the Sierras.

He was also owner of the telephone building here.

O'Hanrahan was always active in politics and was, at the time of his death, chairman of the Nevada county democratic central committee.

Surviving besides his widow are three brothers, William, who will have charge of the Truckee property Patrick of Bakersfield and Edward of Seattle. There are two sisters, Mary and Florence O'Hanrahan of Seattle.

MISS ROSALEE MAE HELLER MARRIED TO CAPITAL MAN

MEEK'S BAY, May 27.— Although their engagement had been announced and they had been feted on a number of occasions, the wedding of Miss Rosalee Mae Heller, charming daughter of Mr. and Mrs. Charles R. Heller of Meek's Bay, to Fred Wilbur Henningan of Sacramento at Sacramento on Tuesday, May 18, came as a surprise. Friends and relatives expected the ceremony to be longer delayed.

The couple plan to return to the lake region in a few days where they will enjoy a honeymoon before making future plans.

Miss Heller is graduate of the Stockton schools and the Filbin Beauty Culture College of Alhambra. She has spent many years at Meek's Bay and is widely known in the Tahoe area.

Henningan recently came to Sacramento from Long Island where his parents reside. He is a former post commander of the American Legion at Miami and is prominent in Masonic circles.

The best wishes of their scores of friends are extended to the newlyweds.

TRY TRADING AT HOME

You incorrigibles who have insisted on traipsing off to distant places to make your purchases—why not try trading at home for a few months, and find out for yourselves that it pays both you and Truckee.

A financial firm in California recently took a poll among leading businessmen, and came up with the collective opinion that business in this state will increase 11.5 per dent during the next five months. And the communities in which the buy-at-home habit is firmly fixed, will gain the full amount of this heavier trade and will reflect it in prosperous growth.

Time was when people might have had legitimate excuses for going to the bigger cities to shop. Perhaps this or that item was priced cheaper elsewhere. But this is no longer an excuse. Accessible, economical transportation, modern merchandising methods and closer competiton have eliminated this one-time excuse.

Today there is virtually nothing you cannot buy to advantage at home. To advantage—yes, particularly since it is to your advantage to see your community grow.

Why not try shopping on the home grounds, you who have roamed; beginning right now, today, so that the most may be made of this increase in trade that's predicted for the coming months.

A STATISTICAL SNAPSHOT

....From the National Labor Relations Board the other day came an interesting commentary on the history of labor disputes, in the form of some figures and percentages.

....As in 1937, 1919 was one of the big strike years in Amer-ca. In that post-war period more than 4,000,000 men were involved in 3630 disputes. But unlike the situation today, the chief demand of striking workers then was for higher wages and shorter hours.

....In 1919, this demand was the bone of contention in more than half the disputes, while the "recognition" issue figured in only a quarter of them. Today, nearly half of all strikes hinge on recognition, and those in which wages and hours are a primary consideration are but one-eight of the total.

The only real issue today is who shall speak for whom and to whom, and with how much authority.

After paying those prices for seats the coronation visitors have suggested that the royal crest ought to look like this: $.

Not So Good

Politically Speaking

By GEORGE E. HELMER

(United Press Staff Correspondent)

SACRAMENTO, May 27.—(UP)—One of the biggest partisan fights of the session occurred in the lower house when the democratic interim committee resolution was discussed prepatatory to its adoption.

Republicans termed it a democratic campaign plan. Democrats defended their action by insisting the program would result in economy and efficiency in handling and operation of interim committees named to investigate a variety of fields for the supposed purpose of determining what kind of legislation shall be adopted in 1939.

"They came mighty close to revealing the true story of state politics during that argument," one observer remarked. "Then they would remember that the legislature should not be so openly partisan, and they'd stop right on the brink of really saying something."

The interim committee plan provides for ten committees and a coordinating group. Each of the ten will be given $700 at the start. Thereafter, additional funds will be doled out by the coordinating committee, composed of the democratic speaker, democratic speaker protem and a third member to be appointed by the speaker. Total expenditures will be limited to $25,000.

Speaker William Moseley Jones pointed out that two years ago, 25 committees were appointed and they spent more than $40,000.

In the past, numerous resolutions were introduced and passed to create "snooping committees". Each resolution set forth the amount of money to be allowed for financing the committee's activities. One of the resolutions proposed setting up an innocent audit committee. A comparatively obsure member, Leon M. Donihue, was named chairman. That committee soon became known statewide for its sensational accusations and its delving into liquor, horse racing and other affairs far removed from the field of auditing.

Exhausting its original $5,000 appropriation in short order, the committee received $20,000 more from the governor. Donihue spent most of his time during the interim handling the work of the committee. He received traveling expenses and per diem expenses.

Donihue was one of the two democrats who voted against the Jones proposal this year. Asesmblyman James J. Boyle was the other.

"Isn't it a fact my committee has been washed out because I would n't take Neblett's orders and pull his chestnuts out of the fire?" Donihue asked Jones.

He referred to William H. Neblett, law partner of Senator William Gibbs McAdoo, who served as the Donihue counsel for a short time during the February recess.

Assemblman C. C. Cottrell, republican leader, shouted vigorously to make himself heard above the catcalls of colleagues.

"Jones is all right if he wasn't listening to someone on the outside" he yelled, accusing the speaker of "fascist domination."

Jones, obviously angered by the accusations, said:

"If you believe we are going to prostitute the offices to which we were elected, if you belie e we are not going to do our duty honestly and in the interests of economy, then vote to kill the program."

The program was adopted, 47 to 31.

As legislators approached the final week of the session, some of them scurried about to determine the chances of a bill, introduced by Senator Ralph Swing, San Bernardino, on the subject of board of equalization district elections.

The bill would provide that in event district alignments are changed, a member now holding office in one district could not run for election in another.

This would prevent Ray Edgar, El Centro, southern district member, from seeking election next year if an extra district, comprising Los Angeles county alone, is added to the board.

Observers marveled at the subterfuge resorted to in an effort to increase the amount of money further

TAHOE CITY, May 27.— Bob Wallace placed his name among those eligible for the Carnegie medal last week when on Sunday morning he probably saved the life of Ray Rusk, highway timekeeper on Bear Creek, when Rusk slipped and fell and was carried into the swift current. About 300 yards from the Truckee river near a small waterfall, Wallace dragged his helpless companion to the shore and safety—very wet and very silent, but none the worse for his experience.

Ernest Hoerdler of Covina has been at Tahoe for several weeks repainting and reconditioning his Pullman lunch counter at the Tahoe Wye.

POLITICALLY SPEAKING

(Continued From Page 2)

legislatures may spend for hiring clerks, stenographers and other attaches who are included in the "legislative patronage racket."

Since the expenditure is set constitutionally at $300 a day for each house, a vote of the people would be required to change it. Assemblyman Ernest O. Voigt, Los Angeles, proposed an amendment doubling the amount. He said, however, the people probably would not approve an increase but might vote for an amendment couched in terms of "limiting" legislative expenditure to $10 a day per member. That would give the assembly $800 a day and the senate $400, instead of $300 each—doubling the amount now available.

The propsal won committee recommendation, other members agreeing it was a good idea.

SAN FRANCISCO PREPARES FOR FORMAL OPENING OF BRIDGE OPENING FIESTA

SACRAMENTO, May 27.—(UP)—San Francisco prepared the greatest pageant in the city's history today to celebrate with a five-day fiesta and 11 days of revelry the opening of the world's greatest overwater suspension bridge—the towering, mile and a half span across the Golden Gate.

The bridge will be formally opened May 28 with two foreign nations, all the western states and most of California's 57 counties assisting San Francisco in making the ceremony and its attendant celebration the most glamourous civic celebration in its colorful history.

While the gray battle wagons of the United States fleet steam under the bridge, motor cavalcades from Mexico, Canada and the 11 Pacific states will join at the Marin shore bridgehead and join the ceremonial procession which will cross the giant span.

The fleet, bringing 50,000 of the navy's officers and enlisted men, will return to San Francisco from annual war games in the north Pacific in time for the formal bridge opening.

Pre-opening celebrations began as early as May 23, with the five-day fiesta starting today.

Entertainment of every sort—social revels, pageantry, parades, air, land and nautical shows—will be staged during the 11-day period for the entertainment of visitors to the city which always has taken great pride in its reputation as the "city taht knows how."

Coincident with the fiesta opening May 27, the bridge will be blessed in an impressive religious ceremony and the structure will be thrown open to pedestrian throngs, although vehicular traffic will not be permitted to cross until tomorrow.

"Memorial Day," said the governor "is one of the most significant and beautiful occasions of the year. It exemplifies the sentiment of the people tdward those who labored and in many case paid the supremé sacrifice, and teaches a valuable lesson in patriotism.

"To recall the humal sacrifices of Antietam, Vicksburg, and Gettysburg should challenge our thoughts and inspire us toward carrying out the principles of 'peace through understanding' advocated by a great leader some 2,000 years ago."
